CHAPTER I

APPLICATION, CHANGES, AUTHORITY

1.00 **This Manual is Not a Contract of Employment**

This employee manual is not a contract of employment or an offer for a contract of employment. It is not a promise of employment for any length of time or under any particular conditions. The handbook may be modified or withdrawn at any time, with or without prior notice. No employee or agent of the County, other than the Board of County Commissioners (“Board”), has the authority to promise employment for any length of time or under any particular conditions, and any such offer or promise must be in writing and signed by the County Administrator pursuant to Board authorization. Unless otherwise indicated, employees of the County are employed “at-will,” and employment may be terminated by either party at any time, with or without cause.

1.01 **Application**

In general, this manual will apply to all full-time and part-time County Employees as that term is defined. Application of this manual is further subject to specific exceptions as provided herein. Members of appointed boards, commissions, citizens committees, interns, and volunteers and Elected Officials are not County employees, but may be subject to these policies where applicable and as set forth in this manual.

Although they may be subject to a separate policy and procedure manual and are not defined as County Employees for purposes of application of this Manual, employees of the District Attorney’s Office and sworn members of the Sheriff’s Office may receive group insurances, workers’ compensation, retirement, Social Security and other benefits through the County. Such employees may, however, be subject to all harassment, discrimination, and workplace violence policies, in the event such policies are not covered by a separate manual.

1.02 **Additions, Deletions and Changes**

Any proposed additions, deletions and/or changes to this manual will be submitted to Human Resources (HR), which will review the proposal and solicit comments. After review by the County Attorney, the proposed additions, deletions or changes will be submitted to the Board for consideration. Except for the at-will nature of employment, El Paso County reserves the right to modify, suspend, interpret or cancel them with or without notice.

Changes to the manual will be distributed to all departments by HR. Hiring Authorities or their designees are responsible for advising their employees of changes to the manual.

Employees will acknowledge their understanding of and compliance with any changes to the manual, if applicable.

1.03 Authority of Elected Officials

Elected Officials have the authority to direct operations of their respective offices as provided by Colorado statutes. This authority includes, but is not limited to, the authority of the Board of County Commissioners to appoint and remove individuals who are directly responsible to the Board. This manual does not supersede the authority of Elected Officials provided by Colorado state statutes.

CHAPTER II

RECRUITMENT AND SELECTION OF EMPLOYEES

2.01 Equal Employment Opportunity (EEO)

The County is an equal opportunity employer. The County does not discriminate against persons because of their genetic information, age, gender, color, race, religion, national origin, marital status, sexual orientation, disability, or political affiliation in making employment decisions, including determining suitability for employment, compensation, promotion, transfers, education, or discharge. Selection decisions will be made in a non-discriminatory manner consistent with this policy and EEO principles.

2.02 Immigration Act Compliance

Federal and state regulations require that all employees provide proof of U.S. citizenship or a right to work in the U.S. Therefore, after receiving a conditional offer of employment, potential new-hires must complete and sign Federal Form I-9, Employment Eligibility Verification Form, and must present original current documents of identity and eligibility to work in the U.S. within three (3) days of their employment start date. Potential new hires must also complete and sign the Colorado Affirmation Form and the County must make and retain copies of employee identity and authorization documentation. The County must not knowingly hire or continue to employ any person not authorized to work in the United States and must not discriminate because of national origin against U.S. citizens, lawful permanent residents, or authorized aliens.

2.03 Personnel Records

The Human Resources Department (HR) is the official custodian of the statutorily required personnel records of all County employees with the exception of employees of the Office of the District Attorney. Personnel records will be maintained in accordance with appropriate laws.

The information contained in personnel records is confidential and will be released only in accordance with applicable laws.

2.04 Application for County Employment

The County requires a completed application for each position and will only accept employment applications for open positions. Unless otherwise specified by the hiring department, all applications must be completed online. Resumes may be attached as supplemental data, but do not replace the application. HR will retain the completed applications of non-selected applicants for a minimum of two (2) years. Special application procedures may be listed on the individual job announcement.

Employment Applications, along with other County approved forms, are used in the selection process and are available on the County's website, www.elpasoco.com and internal "Depot" website.

At the direction of the elected official, the requirement for posting positions (2.05 Job Vacancies) and written applications may not apply to executive positions selected by the holder of an elected office to be a member of the elected official's personal staff or who is selected to serve on a policy making level or who is an immediate advisor to the elected official on constitutional or legal issues and powers of office. Other exceptions may also apply after consultation with HR and the County Attorney's Office.

2.05 Job Vacancies

The County has the following options when seeking to fill a job vacancy:

1. Post the vacant position as open only to those employees within that Department/Division for at least three (3) working days; or
2. Post the vacant position as open only to County Employees for at least five (5) working days; or
3. Post the vacant position as an open position announcement to the public for at least five (5) working days.
4. Emergency Appointments:
 - a. An emergency appointment is defined as an appointment of an existing employee made to a County position on a temporary basis to meet peak loads, unusual work situations, seasonal and recurrent work, intermittent assignments, or emergencies.
 - b. An emergency appointment is not a regular appointment and need not be made from an established posting. In the event an emergency appointment is subsequently desired for a regular position, posting procedures will apply.
 - c. An emergency appointment shall require prior approval of the County Administrator or Elected Official, as appropriate. Such appointment shall not exceed one year immediately following the first day of employment.
 - d. Except in the case of emergency or when the nature of the assignment is such that it does not fall within an existing position description, the Elected Official or County Administrator shall be responsible for determining that the emergency appointed individual meets the minimum qualifications established for the position at the time of employment.
 - e. Employees serving in an emergency appointment are considered as serving under an initial review period. However, the time served in an emergency appointment position may be applied to the initial review period if the employee is hired into the position on a full-time basis. In this instance, employees serving in an emergency appointment are subject to all other policies and procedures contained within the El Paso County Personnel Policies Manual and the El Paso County Personnel Procedures Manual.
5. At the direction of the elected official, the requirement for posting positions and written applications (2.04 Application for County Employment) may not apply to executive positions selected by the holder of an elected office to be a member of the elected official's personal staff or who is selected to serve on a policy making level or who is an

immediate advisor to the elected official on constitutional or legal issues and powers of office. Other exceptions may also apply in consultation with HR and the County Attorney's Office.

2.06 Transfer of Current Employees

A. Intradepartmental Transfer of County Employees:

1. Each department should post the vacant position within the department for a minimum of three (3) working days.
2. Employees that have not completed their initial review period are not eligible for intradepartmental transfers or promotions, unless otherwise agreed upon by the Hiring Authority.

B. Interdepartmental Transfer of County Employees:

1. HR should post, for a minimum of five (5) working days, the vacant position as open only to County Employees.
2. Employees who have not completed their initial review period or who are on disciplinary probation are not eligible for interdepartmental transfers or promotions, unless otherwise agreed upon by the Hiring Authority.

2.07 Background Investigations

The County reserves the right to perform reference checks, motor vehicle records checks, licensing checks, criminal history checks or background checks on individuals considered for certain positions to include, but not limited to, safety sensitive positions and positions involving, handling of money, sensitive documents, items of confidentiality, and technology. All new County employees may be subject to drug testing as a condition of employment.

2.08 Employment References

All requests for information about current or former employees should be answered in coordination with HR. Non-HR employees should NOT release any information about current or former employees without proper authorization and after consultation with HR.

Current employees who share employment information about former employees without the permission of HR may be subject to discipline and corrective action up to and including termination of employment.

The information given to prospective employers and lending institutions must be limited to dates of employment, department, job title, and most recent salary in the absence of a valid release of information. Additional information will NOT be released without a signed authorization from the person who is the subject of the inquiry which is reviewed

by HR. A copy of the signed authorization will be placed in the current or former employee's personnel file.

County officials and hiring authorities are encouraged to cooperate with and to provide employment related information to one another upon request. Such requests are not limited to the information noted above.

2.09 Employment of Relatives

A person shall not be employed or promoted if such employment will place him/her in a position of supervising or being supervised by a member of his/her immediate family; or where an immediate family member occupies a position which could affect the other's employment, promotion, salary administration, and other related management or personnel transaction.

No Hiring Authority shall appoint or employ any person within his/her immediate family, nor use his/her position to influence another County employee to hire a member of his/her immediate family.

For the purposes of this policy, immediate family is defined as spouse, same-sex partner, parents, stepparents, parents-in-law, siblings, stepsiblings, siblings-in-law, children, stepchildren, grandchildren, children-in-law, grandparents, step-grandparents, grandparents-in-law, uncles, aunts, nieces or nephews. These familial relationships include both blood and marriage-based relationships.

In addition to familial relationships, personal relationships and/or associations, the nature of which would lend themselves to favoritism, are also prohibited in employment and promotion decisions.

2.10 Relationships Among Employees

A person shall not be placed in a position of supervising or being supervised by another employee with whom he or she is having or has had an intimate relationship; nor will an employee be placed in a position in which an employee with whom he or she is having or has had an intimate relationship which could affect the other's employment, promotion, salary, or other related management or personnel transaction.

Any employee who is or has been involved in an intimate relationship with another employee to which this section applies, must report this relationship to his or her Hiring Authority within three business days. If, after the required report is made, the intimate relationship changes, the employee must report this change to their Hiring Authority within three business days.

3.06 Payroll Schedule

Employees will be paid on a bi-weekly pay schedule. Paydays will be on alternating Fridays for a total of twenty-six (26) paydays in a calendar year.

3.07 Direct Deposit of Pay

All employees will submit to direct deposit of pay into an Automated Clearing House (ACH) financial institution.

3.08 Work Hours, Overtime, and Compensatory Time

The work year begins January 1st and ends December 31st. The designated workweek is the period from 00:01 hours Sunday to 24:00 hours Saturday.

All full-time employees are scheduled to work 40 (forty) hours per workweek, excluding designated, paid County holidays. Unpaid meal periods are not included in hours worked. In order to meet operational requirements, the Elected Official, County Administrator, County Attorney, or Hiring Authority shall establish the appropriate Sunday through Saturday work schedule for each employee.

Employees will be notified by the Elected or Appointed Official, Department Head and/or Hiring Authority if they are exempt or non-exempt for purposes of determining eligibility for compensatory time and overtime.

Non-exempt employees will be compensated at the appropriate overtime rate for all hours worked in excess of the forty (40) hour workweek. Hours worked does not include vacation, holidays, bereavement leave, jury leave, compensatory time off, sick leave and/or paid leave. Leave without pay will not be included. The overtime rate is one and one-half (1 ½) times the employee's regular rate of pay. Compensatory time may be granted in lieu of overtime and is granted at the rate of one and one-half (1 ½) hours for each hour worked that is more than forty (40) hours worked in one workweek.

If El Paso County declares a state of emergency, exempt employees are eligible to receive emergency duty pay equivalent to their hourly rate worked beyond forty-hours in a standard workweek from the time the state of emergency is declared until the state of

emergency ends. The County Administrator or the Hiring Authority will designate which exempt employees are subject to emergency duty pay.

3.09 Compensatory Time/Overtime Pay Policy (Non-exempt employees only)

- A) Requirement for Approval: The County may require all employees to work in excess of forty (40) hours in one workweek. All overtime must be approved in advance by the Elected or Appointed Official, Department Head and/or Hiring Authority.
- B) Choice of Overtime Pay/Compensatory Time: All County employees must agree to accept compensatory time in lieu of cash overtime as a condition of employment with the County. Any compensatory time received may be retained, used or cashed out consistent with the provisions of the FLSA.

Earned compensatory time will be utilized before vacation leave is used. As approved by the Elected or Appointed Official, Department Head and/or Hiring Authority, employees may accrue up to two hundred forty (240) hours of compensatory time, which represents one hundred sixty (160) hours of actual overtime work at time and one-half. For public safety employees, the maximum accrual is four hundred eighty (480) hours of compensatory time. Every effort will be made to schedule time off for employees with earned compensatory time.

3.10 Recording Hours Worked

Non-exempt employees are obligated to keep accurate records of the time worked. Time sheets will be completed on a bi-weekly basis by non-exempt employees. Exempt employees may be asked to keep track and record hours worked during certain events such as emergency responses or declared disasters.

Employees are required to accurately and completely account for every hour worked during the pay period. Each hour or fraction of an hour [fifteen (15) minutes minimum] worked should be accounted for. The time recorded will be approved by the Hiring Authority or his/her designee. Employees are required to keep the Hiring Authority or his/her designee advised of their departures from and returns to the premises during the workday.

No one may record hours worked on another's time sheet. Tampering with another's time sheet is cause for disciplinary action, including possible dismissal of both employees. Do not alter another person's record or influence anyone else to alter your record for you. In the event of an error in recording your time, report the matter to the Hiring Authority or his/her designee immediately.

On a case by case basis an Elected or Appointed Official, Department Head and/or Hiring Authority may authorize flex-time to an employee.

3.12 Adverse Weather/Emergency Closure

The Chair of the Board of County Commissioners, in coordination with the County Administrator, the El Paso County Sheriff and the Clerk and Recorder (or their designees), will determine whether the County will close all operations except for essential services, or delay in opening because of adverse weather conditions. In the absences of the Chair or Vice-Chair, the decision will be made by the available Commissioners and the foregoing officials.

When weather conditions are not adverse enough to warrant closing County offices, Elected Officials and Department Heads may grant additional time, up to a maximum of one (1) hour, without a reduction in pay to those employees who are unable to arrive at work on time because of the weather conditions.

In the event of severe weather conditions or a national emergency, the County may be required to close its offices, with the exception of the Sheriff's Office, the Department of Public Works-Transportation Division, and any other emergency services or functions. Employees who are excused from work under these conditions will receive their normal pay and benefits.

When County offices are closed due to inclement weather or emergencies, employees will be advised of closures by local media, posting on the County's website, the County's "snow-line" at 520-SNOW, or other notification systems. Non-exempt employees who report to work will receive their normal pay and benefits for time worked. If an employee is on an approved time off during an emergency closure, their prior approved time off will not be changed.

3.13 Employee Payroll Deductions

No payroll deductions shall be taken from the payroll compensation of any employee except for deductions required or allowed by federal or state law. Employee will be notified prior to such deduction.

3.14 Employee Tuition Plan

If the terminating employee does not have the earned maximum of two hundred sixty (260) sick leave hours at the time of termination, the terminating employee will not be eligible for any payout of sick leave upon termination.
- M) Retiring employees are entitled to payment of sick leave, up to a maximum total of 1,080 accumulated hours, in accordance with the following schedule:

had five (5) years or more of continuous full-time County employment and if the employee is at the required maximum of 260 hours of sick leave.

- P) Any employee who becomes incapable of performing his or her normal work duties as a result of illness or injury incurred within the scope of employment and who is receiving Worker's Compensation benefits may be required to use earned sick leave for the first three (3) days in accordance with Colorado State Law.

4.04 Jury Duty / Court Leave/Testimony

- A) The County recognizes jury duty as a civic responsibility. When summoned for jury duty, an employee will be granted leave to perform his/her duty as a juror. If the employee is excused from jury duty during regular work hours, the employee is expected to report to work promptly.

Employees receive regular pay for the first ten (10) days of jury duty if they were scheduled to work and provide confirmation of juror service. Any compensation received for such service during paid working hours will be turned over to the County, except for verified parking expenses and mileage allowance. Jury duty beyond ten (10) days is without pay from the County.

- B) An employee who is subpoenaed to appear as a witness in a case that relates directly to County duties, except for jury duty, will be granted court leave with pay on the condition that any compensation received for such services during working hours will be turned over to the County, except for verified parking expenses and mileage allowance.
- C) An employee who is required to appear in court on matters that do not relate directly to County duties, except for jury duty, will not be granted court leave. The employee will be allowed to utilize accrued compensatory leave, vacation or personal leave, or request leave without pay.

- E) All employees shall promptly notify their supervisors of any request or other attempt to communicate with such employee about any legal or administrative proceeding or other such matter as to which the County is either a party or has the potential to become a party. Such proceedings include, but are not limited to, County grievance hearings, proceedings involving the Department of Labor, the Equal Employment

Opportunity Commission, or any other federal or state agency, and actual or potential lawsuits filed against the County. This section also applies to subpoenas.

In the event a non-supervisory employee is contacted by any person seeking to discuss such referenced proceedings or other legal matters involving the County, he or she shall report such contact to his or her immediate supervisor without delay. Absent a court order, a subpoena, or a directive from HR and/or the County Attorney, employees are not to communicate with anyone about such referenced proceedings, including any current or former employee who may be involved in such a proceeding, any non-County attorney, or any other individual.

4.05 Leave for Domestic Violence

Eligible employees may take up to three (3) business days of leave each year (12-month period) for specific reasons related to domestic abuse, sexual assault, stalking, or any other crime, the underlying factual basis of which has been found by a court on the record to include an act of domestic violence. In order to be eligible, employees must be a victim of “domestic abuse.” A victim of domestic abuse is defined as any person who has suffered or been threatened with an act of violence by another person who:

- 1) is currently or formerly related to the victim;
- 2) is currently or has formerly been domiciled with the victim; or
- 3) is currently or has formerly had an intimate relationship with the victim. It also includes any act or threatened act of violence against the minor children of either the victim or the abuser.

Domestic violence leave can be taken only for the following four reasons:

- 1) to obtain a restraining order;
- 2) to obtain medical care, including mental health care, for the employee or his or her children;
- 3) to make the home secure or obtain new housing; and
- 4) to seek legal assistance or attend court proceedings related to domestic violence.

In general, these three (3) days of leave are unpaid; however, the County requires employees to exhaust all accrued paid leave before taking unpaid domestic violence leave.

Except in cases of imminent danger, employees are required to provide the Elected or Appointed Official, Department Head and/or Hiring Authority (or his/her designee) with “appropriate advance notice” of the need for the leave. The employee must provide documentation regarding the need for the leave. There will be no breach of confidentiality when taking measures to notify others for protection purposes.

terminate from the County within ninety (90) days of their full-time hire date, will not be paid for unused personal days.

- 4) Employees who voluntarily or involuntarily terminate employment with the County (including retirement) on or before January 31st of the calendar year will not be eligible for payment of unused Personal Days.

4.09 Absence without Authorization

County employees will not be absent from work without authorization from their supervisor. When an employee is absent without authorization for at least one (1) full workday, the position may be declared vacant and abandoned by the employee at the discretion of the Elected or Appointed Official, Department Head and/or Hiring Authority (or his/her designee). Absence without leave may result in dismissal, suspension or other disciplinary action, as deemed appropriate by the Elected or Appointed Official, Department Head and/or Hiring Authority (or his/her designee).

4.10 Worker's Compensation and Related Absences

- A) Any employee who becomes incapable of performing his or her normal work duties as a result of illness or injury incurred within the scope of employment will be deemed to be on work-related absence until the employee is medically released to resume normal work duties or modified work duties as may be allowed. County employees who sustain a work-related illness or injury are eligible to receive statutory benefits pursuant to the Colorado Workers' Compensation Act, C.R.S. § 8-40-101, *et seq.*
- B) The Colorado Workers' Compensation Act provides that an employee will not receive wage loss benefits for the first three (3) working days of absence due to the work-related illness or injury unless the period of the employee's absence from work lasts longer than two (2) weeks from the day the injured employee leaves work. If an injured employee returns to work before two (2) weeks from the date the employee initially left work, the employee must either deduct the first three (3) days of absence from accrued leave or take the three (3) days without pay.
- C) Injured employees eligible to receive wage loss benefits under the Colorado Workers' Compensation Act and who have not been medically released to return to any work will receive sixty-six and two-thirds percent (66 2/3%) of the employee's average weekly wage, not to exceed a specific maximum weekly amount calculated by the State of Colorado on an annual basis.
- D) Absence due to a work-related illness or injury will be authorized only in those cases where:
 - 1) The employee has reported the injury to HR and a first report of injury has been completed by HR; and

- 2) An employee obtains a written statement from a designated Workers Compensation health care provider concerning the employee's medical treatment and inability to return to work.
- E) An employee who is absent from work due to a work-related illness or injury may be required to undergo a periodic medical examination at the County's request. Failure to comply with such a request may result in the loss of workers' compensation benefits, including wage loss benefits.
- F) All employees will cooperate in the completion of necessary reporting forms required by the County.
- G) During the period an employee is absent from work due to a work-related injury or illness, the employee must notify the Elected or Appointed Official, Department Head and/or Hiring Authority(or his/her designee) and HR of his or her return to work status on a regular basis. Notification requirements will be determined by the Elected or Appointed Official, Department Head and/or Hiring Authority (or his/her designee), but in no event will the required notification be less than once per week.
- H) Employees who have been released by their designated provider to return to full or modified duty will immediately notify and provide written documentation verifying his or her release to the Elected or Appointed Official, Department Head and/or Hiring Authority(or his/her designee) and HR.
- I) An employee who sustains a work-related injury that qualifies as a "serious health condition" under the Family and Medical Leave Act (FMLA) will be placed on that leave on the date the employee qualifies for the leave.
- J) An employee who sustains a work-related injury will not accrue sick and vacation time pursuant to 4.01 and 4.02 while on worker's compensation leave once they have been removed from payroll.

4.11 Family and Medical Leave (FMLA Leave)

Family and medical leave will be assessed and administered in accordance with the provisions of USERRA and the Family and Medical Leave Act (FMLA).

Employees may take leave for reasons including, but not limited to, any of the following:

1. The birth of the employee's child or the placement of a child with the employee for adoption or foster care.
2. The care of a spouse, a domestic partner, a child (under 18 years of age, unless disabled), or parent (not parent-in law or grandparent) with a serious health condition.
3. An employee's serious health condition.

4. To care for a family member injured in the line of active military service and those members whose pre-existing injuries were aggravated in the line of duty (“military caregiver leave”).
5. Leave needed as a result of a “qualified exigency” arising from a family member’s military active duty or call to active duty in a foreign country (“active duty leave” or “military exigency leave”).

How Much Leave May Be Taken

An eligible employee is entitled to take up to twelve (12) workweeks of unpaid leave during a rolling twelve-month (12-month) year for the birth or placement of a child; to care for a spouse, child, or parent with a serious health condition; for the employee’s own serious health condition; or to deal with a “qualifying exigency” arising out of the fact that the spouse, son, daughter, or parent of an eligible employee is on active duty or has been called to active duty in a foreign country. Leave for birth and care, or placement for adoption or foster care, must conclude within twelve (12) months of the birth or placement.

How Much Leave May Be Taken - Military Caregiver Leave

An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered service member may take twenty-six (26) workweeks of unpaid leave during the twelve-month (12-month) calendar year to care for the service member. A “covered service member” is defined as a member of the Armed Forces, “who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness.” Military Caregiver Leave requires the serious injury or illness to have occurred in the line of duty or to have been aggravated in the line of duty if it existed prior to active duty service and must render the service member medically unfit to perform the duties of his or her office, grade, rank, or rating.

Eligible employees who need to take military caregiver leave can take no more than twenty-six (26) weeks of leave in a twelve-month (12-month) calendar year for all FMLA-qualifying reasons. That is, if an employee takes the full twenty-six (26) weeks of military caregiver leave in the twelve-month (12-month) calendar year, the employee is not entitled to any additional FMLA leave for another qualifying reason (such as his or her own serious health condition) during the same twelve-month (12-month) calendar year.

Intermittent Leave

Employees may take intermittent leave. Intermittent leave is leave taken in separate blocks of time. A reduced work schedule is a leave schedule that reduces an employee's usual number of hours per workweek or hours per workday.

Leave to care for a newborn or for a newly-placed child may not be taken intermittently or on a reduced work schedule unless the County agrees to such an individual leave request.

If an employee takes leave intermittently or on a reduced schedule basis, the employee must, when requested, make a reasonable effort to schedule the leave so as not to unduly disrupt the County's operations. When an employee takes intermittent or reduced work schedule leave for foreseeable planned medical treatment, the County may temporarily transfer the employee to an alternative position with equivalent pay and benefits for which the employee is qualified and which better accommodates recurring periods of leave.

Employee Eligibility

Family leave is available to employees who have worked at least twelve (12) months for the County (this time does not have to be consecutive) and have worked more than one thousand two hundred-fifty (1,250) hours in the previous twelve (12) months. The County requires that you exhaust your accrued sick leave, compensatory time, accrued vacation, and personal days as part of the twelve/twenty-six (12/26) weeks of leave. An absence related to an employee's Workers Compensation injury will count against FMLA leave entitlement.

The County has adopted a rolling twelve (12) month period. Therefore, subject to the requirements of this policy, each employee will be entitled to twelve/twenty-six (12/26) weeks of leave measured backward from the date the employee uses such leave.

If an employee and his or her spouse are both eligible County Employees, the total amount of leave available to be used between both employees is twelve (12) weeks. Employees with pregnancy-related disabilities may have the right to take a pregnancy disability leave in addition to family leave.

Employees who are on an FMLA-qualified leave may not engage in any form of self-employment or perform work for any other employer during that leave, except when the leave is for military or public service or when the employment has been approved by the County under its Outside Employment policy, and the employee's reason for leave does not preclude outside employment.

Notice, Certification, and Reporting Requirements

If the need for the leave is foreseeable, an employee must provide thirty (30) days' written notice prior to the requested start of the leave. If thirty (30) days' notice is not provided, the start of the leave may be delayed. An employee who does not give thirty (30) days' notice must explain why such notice was not practicable. If the need for the leave is not foreseeable, the employee or a member of his or her household must notify his or her Supervisor of the need for leave as soon as possible before their usual reporting time. The failure to provide notice may result in the leave not being designated as FMLA leave.

If the need for leave is foreseeable due to a planned medical treatment or supervision, the employee must make a reasonable effort to schedule the treatment or supervision in order to avoid disruptions to the operations of the County.

An employee requesting leave for his or her own serious health condition, to care for a family member with a serious health condition, or military caregiver leave must provide a health care provider's certification of the health condition. These certification forms are available from Benefits Division.

In addition, an employee requesting an intermittent leave or a reduced work schedule must provide a health care provider's certification. These forms are also available from Benefits Division.

During any leave, an employee must provide periodic reports regarding the status of leave and any change in the employee's plans on returning to work.

Benefits During Leave

An employee taking leave under this policy will continue to receive coverage under the County's health plan for up to a maximum of twelve/twenty-six (12/26) workweeks per calendar year at the same level of employment and under the same conditions of coverage as if the employee had continued in employment continuously for the duration of such leave. The County will continue to make the same premium contribution as if the employee had continued working, and the employee is responsible for reimbursing the County for contributions in premiums that he or she would normally be required to pay. Under most circumstances, the County will not make premium contributions for a period longer than twelve/twenty-six (12/26) workweeks during the calendar year. If an employee fails to return following the leave, the employee may be required to repay the premiums paid by the County during the leave.

4.12 Colorado Family Care Act ("FCA") Leave

Colorado state law requires that as an Employer covered by the FMLA, we allow employees eligible for FMLA leave to take up to twelve (12) weeks of job protected leave to care for a partner in a civil union or a domestic partner (as defined in the state statute) who has a serious health condition.

This leave does not count against the leave to which an employee would be entitled under the FMLA. However, if an employee has exhausted all available leave under the FMLA, he or she is not entitled to additional leave to care for a partner in a civil union or domestic partner. In addition, an employee is entitled to take only the equivalent of the amount of unused leave under the FMLA to care for a partner in a civil union or domestic partner.

All definitions, rights and obligations, including notice and medical certification provisions in the FMLA, apply to leave taken under Colorado law.

4.13 Colorado Pregnancy Protection Act

Colorado state law prohibits discrimination on the basis of pregnancy, childbirth and related conditions. Reasonable accommodations that do not create an undue hardship on the employer are required for these conditions. El Paso County will follow C.R.S. § 24-34-402.3.

4.14 Modified Duty

El Paso County is committed to providing modified duty to injured County employees. In order to further this commitment, modified duty is permitted in the following circumstances and manner:

- A) An employee must be absent from work for a non-work-related injury for more than five working days before being eligible for modified duty.
- B) It is the employee's obligation to make a request for modified duty.
- C) The request for modified duty must be made to the employee's supervisor or to Employee Benefits Division.
- D) Eligibility for modified duty is based on availability of appropriate modified duty at the time of the request.
- E) If the employee is eligible for modified duty, placement of the employee within their respective department or office will be first attempted. If modified duty cannot be accomplished within the employee's department or office, an attempt will be made to place the employee within another County department or office.
- F) If the employee is eligible for modified duty, the employee cannot perform the same job for which he or she was hired to perform. Essential functions of the employee's job cannot be excused.
- G) Modified duty will not exceed forty-five (45) working days.
- H) Temporary Employees are only eligible for Modified Duty during the time of the temporary employment.

CHAPTER V

WORKING CONDITIONS

5.01 Standards of Conduct

County Employees are employees of the public tasked with the mission of carrying out the will of the people of El Paso County. To maintain the trust and confidence of the public, certain conduct is expected of all County Employees including, but not limited to, courtesy, respect and professionalism. The same is expected of temporary employees and volunteers.

Additional standards of conduct for County Employees, temporary employees, and volunteers include:

A. Duty of Loyalty: Employees, including temporary employees, should conduct themselves in a fashion that reflects their duty of loyalty to their organization. Duty of loyalty is the obligation that all employees have to an employer to be loyal to the mission and values of the organization and to not act in a manner that would undermine the authority of an Elected Official or other County agent.

B. Conflict of Interest: Employees, including temporary employees, and volunteers should avoid interests that would conflict with the interest of El Paso County. A conflict of interest arises when an employee's or volunteer's personal or financial interests conflict or appear to conflict with his or her official capacity and responsibility whether operating on their own time or equipment or operating on the employer's equipment or time. Conflict of interest includes but is not limited to the direct or indirect participation in any arrangement, agreement, investment, or other activity, which is conducted with any vendor, supplier, affiliate or other party conducting business with El Paso County where said participation has resulted or could result in personal benefit to the employee. Conflict of interest may also include the direct or indirect receipt of any salary payments, loans or gifts of any kind, or any free service or discounts or the payment of fees from or on behalf of any person or organization engaged in any transaction with El Paso County. Elected Officials or Hiring Authorities (or their designees) will determine whether specific instances called to their attention apply in accordance with this policy. Employees will be subject to disciplinary action up to and including termination from employment for any violations of this policy.

C. Working Time: Employees are expected to work during all assigned periods, except during scheduled breaks and mealtimes. Employees may not perform work during breaks or mealtimes unless they receive approval from their supervisor.

D. Tardiness: Employees are expected to be at work on time. Habitual tardiness will not be tolerated and may result in disciplinary action up to and including termination of employment. Employees expecting to be late for work should phone their supervisors immediately requesting approval.

E. Attire/Appearance and Work Area: All employees will report to work in attire suitable to their duties. Certain dress may be required as deemed appropriate by the Hiring Authority. Work sites will be kept in neat and orderly fashion consistent with effective work methods and safety standards.

F. Confidential Information: Employees, temporary employees, and volunteers shall NOT disclose confidential information entrusted to, or acquired by, the individual by virtue of employment with the County, nor shall any employee, temporary employees, or volunteer use that information or permit others to use it in the furtherance of a private intent.

G. Recording Employees or Elected Officials: Employees, temporary employees, and volunteers shall not record in any manner employees, temporary employees, volunteers or Elected Officials unless required by law or policy.

5.02 Performance Evaluations

Performance evaluations are typically performed at the end of any initial review evaluation period and annually after that at the discretion of the Elected or Appointed Official, Department Head and/or Hiring Authority. Employee may be requested to sign the evaluation and make any comments, as necessary. The evaluation will be placed in the employee's personnel record.

Any merit/pay for performance increase should be supported by a performance evaluation.

5.03 Age of Employment

The minimum age of employment with the County is age eighteen (18) years. However, minors aged sixteen (16) and seventeen (17) years of age may be hired by the County as temporary employees as long as the duties are in accordance with state and federal law.

5.04 Change of Status

Every employee will inform the Elected or Appointed Official, Department Head and/or Hiring Authority (or his/her designee) and HR of any change in the employee's name, address, phone number, marital status and dependents within ten (10) days of the change. A name change will require proof that the change has been made with the Social Security Administration.

5.05 Discrimination, Harassment, Sexual Harassment, Retaliation Policy

El Paso County does not discriminate against any employee or applicant on the basis of genetic information, age, gender, color, race, religion, national origin, marital status, sexual orientation, pregnancy, disability, or political affiliation or any other basis protected by federal, state or local law with respect to hiring, discharge, promotion, compensation, or any other terms, conditions, or privileges of employment.

El Paso County is committed to maintaining a positive working environment and does not discriminate on the basis of genetic information, age, gender, color, race, religion, national origin, marital status, sexual orientation, pregnancy, disability, or political affiliation or any other basis protected by federal, state or local law. In pursuit of these goals, El Paso County will not tolerate acts of discrimination, harassment or sexual harassment of any kind or related retaliation against or by any employee, temporary employee, volunteer, independent contractor, or vendor. The County will take all reasonable steps to prevent discrimination, harassment, sexual harassment, and retaliation from occurring in the workplace. Included within the County's prohibition of harassment is specific prohibition of sexual harassment of any kind. It is intended that individuals who violate this Policy be disciplined or subjected to corrective action, up to and including termination.

Harassment can take many forms. It may be, but is not limited to: derogatory comments, slurs, or unwanted sexual advances, invitations, or comments, posters, photographs, cartoons, drawings, or gestures, or e-mails or text messages, words, signs, jokes, pranks, intimidation, threats, demands, retaliation, physical and visual contact, or violence. Harassment is conduct that has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment. Harassment based on a person's genetic information, age, gender, color, race, religion, national origin, marital status, sexual orientation, disability, or political affiliation is unlawful and strictly prohibited.

It is also a violation of this Policy for anyone acting knowingly and recklessly either to make a false complaint of discrimination, harassment or sexual harassment, or to provide false information regarding a complaint. It is intended that individuals who violate this Policy be disciplined or subjected to corrective action, up to and including termination.

El Paso County does not tolerate retaliation against employees who make discrimination or harassment complaints, or participate in an employment investigation. It is a violation of this policy to engage in retaliatory acts against anyone who reports an incident of alleged discrimination or harassment, a retaliation complaint, or anyone who testifies, assists or participates in a proceeding, investigation or hearing relating to such allegations. Any employee who believes they have been retaliated against under this policy has an obligation to bring their concerns to the attention of their supervisor, their Hiring Authority, County Attorney's Office or HR.

A. Employee's Obligation to Report. In order to take appropriate corrective action, HR must be aware of discrimination, harassment of any kind or related retaliation. Therefore, any employee who believes that he or she has been discriminated against, experienced or witnessed harassment or related retaliation should immediately as soon as possible report such behavior to the immediate supervisor, or any other supervisor and HR citing the specific basis of the claim. This obligation to report includes discrimination, harassment, or related retaliation by a third party occurring while an employee is working. An employee may also file a complaint with any member of their departmental management if the immediate supervisor is the subject of the complaint, or file their complaint with HR or the County Attorney's Office. The County encourages all complaints to be in writing. Posting to social media is not an appropriate method of

reporting an incident and may make a situation or concern worse. Also, posting personnel complaints may violate an individual's privacy rights, may result in disciplinary action and may even create individual legal liability.

Individuals who make complaints against El Paso County, members of management, other employees, their witnesses, supporters, and advisors shall be protected from retaliation, regardless of the outcome of the complaint. If an employee believes that he or she is experiencing retaliation, the individual may pursue a grievance through this policy and the matter will be investigated, and on any finding of fact, the offender will be subject to disciplinary action up to and including termination of employment.

B. Supervisor's Obligation to Report. Any supervisor who experiences, witnesses or receives a written or oral report or complaint of discrimination, harassment, sexual harassment or related retaliation shall document the date and time the notice was received, the names of the involved parties and the names of any witnesses and must inform HR of the complaint within 24 hours of the report or witnessing the event. This obligation to report includes discrimination, harassment, or related retaliation by a third party against an employee while an employee is working. To the extent possible, all complaints will remain confidential. All complaints will be promptly investigated by HR or designated representative under the guidance of the County Attorney's Office. Any finding that discrimination, harassment, or related retaliation has occurred will result in appropriate disciplinary action taken against the offender up to and including termination of employment. Members of management are obligated to comply with and enforce the policy and report violations.

C. Obligation of Confidentiality. The complainant, respondent/offender, supervisors, and all witnesses shall keep information regarding the complaint and any resulting investigation confidential to the extent possible and permitted by law. Violations of confidentiality will be subject to disciplinary action up to and including termination of employment.

D. Investigation Process.

HR, or their designee, will investigate the report or complaint under the direction and advice of the County Attorney or their designee. Reports or complaints under this Policy shall be addressed and resolved as promptly as practicable after the complaint or report is made. Ordinarily, investigations shall be concluded and reports submitted as soon as possible following the receipt of a complaint.

It is the responsibility of HR to determine the most appropriate means for addressing the report or complaint in coordination and with the advice of County Attorney's Office.

During an investigation, an employee may or may not be placed upon administrative leave with pay.

All records of claims, reports and investigations shall be considered confidential, attorney work-product and shall not be disclosed publicly except to the extent required by law.

5.06 Violence in the Workplace

A. The safety and security of El Paso County employees is of vital importance. In an effort to provide a safer workplace, the County has adopted a zero-tolerance policy for acts or threats of conduct or action that would cause a reasonable person to fear physical harm to himself/herself, his or her immediate family or his or her co-workers.

B. Employees in violation of this policy may be subject to disciplinary action pursuant to this manual, up to and including termination of employment. Employees in violation of this policy may also be subject to civil or criminal liability for any violation of this policy, which may also constitute violations under federal, state or local law.

C. **Prohibited Behavior:** The following list of prohibited behavior is meant as a guide but should not be interpreted as all-inclusive and is subject to disciplinary action up to and including termination of employment:

1. Threats of physical harm or property damage.
2. Physical touching or the threat of such which causes injury to another person, or places another person in fear of imminent bodily injury, or creates a substantial risk of serious bodily injury to another.
3. Harassing, annoying, intimidating or alarming another person by touching, stalking, or verbal or written communications.
4. Destroying, defacing, unauthorized removal or damaging, or permitting the same, to any County property.
5. **Open Display of Firearms:** Except for law enforcement officials and the lawful carrying of a concealed weapon, the open display of firearms is prohibited in all County facilities where written or verbal notice of such prohibition has been given.

D. **Application of Policy:**

1. Anyone who becomes aware of behavior violating this policy shall report such conduct or behavior as soon as possible to his or her immediate supervisor, or another supervisor, or the Elected or Appointed Official, Department Head and/or Hiring Authority, and HR.

El Paso County will not hire applicants who test positive for controlled substances even if an offer of employment has been made.

Information regarding all testing procedures is available at HR.

This policy addresses drug and alcohol testing for employees in safety sensitive positions. This policy applies to all drivers who are required to hold a Commercial Driver's License (CDL) in order to perform their job for El Paso County or who perform a safety sensitive function. This policy also applies to employees who hold a CDL and voluntarily remain in the pool of CDL drivers, although their current position may not require a CDL. In these cases, employees have agreed to be available for emergency and

non-emergency operations that require a CDL. Without exception, employees who volunteer to perform operations that require a CDL remain in the El Paso County random drug/alcohol testing pool and are subject to the drug/alcohol testing requirements and consequences outlined in this Policy.

A copy of this policy must be provided to all drivers requiring a commercial driver's license (CDL) and any employee serving in a safety-sensitive position, who shall then be subject to this policy and shall comply with all the conditions outlined below. References to tests in this policy/procedure shall include both Alcohol and Controlled Substances. The term drugs and controlled substances are interchangeable and have the same meaning. Drugs refer to marijuana, opiates, cocaine, phencyclidine (PCP) and amphetamines (including Methamphetamine).

Prohibitions: Employees in positions requiring a CDL, or employees in safety sensitive positions, are subject to the specific prohibitions and consequences specified in the OTETA (Omnibus Transportation Employee Testing Act of 1991).

1. Use of any drug, except by a medical professional's prescription, and then

only if the medical professional has advised the employee that the drug will not adversely affect the employee's ability to safely operate a CMV. If the drug will adversely affect the employee's ability to safely operate a CMV, the employee shall obtain a statement from the medical professional indicating any work restrictions and their duration. The employee shall present that statement to his or her supervisor prior to going on duty. The County does not permit the use of medical marijuana.

D. Consequences for Violation of Prohibitions

1. The employee is subject to immediate corrective and/or disciplinary action up to and including termination.
2. The employee shall not perform safety-sensitive functions until all return-to-duty requirements are met. Before returning to duty, the employee must undergo a return-to-duty test for:
 - a. alcohol (if the prohibited conduct involved alcohol) with verified return-to-duty test result of less than .02; or

4. Prior to being allowed to return to safety sensitive functions the employee must be evaluated by a Substance Abuse Professional (SAP) who shall determine what assistance, if any, the employee needs in resolving problems associated with alcohol misuse and drug use. In addition, if the employee was identified as needing assistance in resolving the problem, the employee must:
 - a. be evaluated by the SAP to determine that the employee properly followed any prescribed rehabilitation program; and
 - b. be subject to unannounced follow-up alcohol and drug tests administered by the employer following the employee return-to-duty. The number and frequency of the tests are to be determined by the SAP, but must consist of at least six tests during the first 12 months following the employee's return-to-duty. 7. Vehicles assigned to the Office of Emergency Management that are subject to respond to emergent events will be equipped with the appropriate lights and sirens. These vehicles will be approved by the Director, Office of Emergency Management with concurrence of the County Administrator. State certification for these vehicles will be accomplished through the Sheriff's Office. Any driver subject to respond to emergent events who operates any of these vehicles with installed emergency equipment must have completed an emergency vehicle operating course (EVOC).

In the case where a County employee utilizes these vehicles during non-emergent events who is not subject to respond nor EVOC trained the emergency lights and sirens will not be engaged.

8. All vehicles, with the exception of unmarked law enforcement vehicles, shall display County identification unless otherwise exempt by the Department of Public Works – Fleet Management Division approved by the County Administrator.
9. Operators using a vehicle and a cellular phone are required to use a hands-free device. Texting while driving is prohibited.
10. Operators who need transportation in the course of their normal daily work activities may be assigned a vehicle for their exclusive use or receive a stipend for their personal vehicle. See Section, B. 13 below. Other operators needing transportation for County business may use vehicles assigned to their department or those drawn from the motor pool.
11. Operators using any County or personal vehicle must drive safely and ensure the security of the vehicle and its contents.
12. Vehicles may not be driven outside of Colorado without the prior approval of a Hiring Authority. Such trips must be coordinated with HR at least at least five (5) days in advance of travel.

B. Vehicle Operators

The following apply regardless of whether an employee is operating a County vehicle or their own vehicle while conducting County business.

1. An employee may only use his/her vehicle for County business with the approval of the Hiring Authority and HR.

2. All operators who drive during the course and scope of their duties must possess a valid Colorado driver's license appropriate to the type of vehicle to be driven. A Commercial Driver's License (CDL) is required for County employment in certain positions. Possession of the appropriate license may be made a condition of employment for certain positions.
3. All operators shall be subject to audits of their license and driving record upon initial hire or sworn date and, at least annually, by HR.
4. Operators are responsible for any driving infractions and fines incurred as a result of their driving.
5. Operators whose job requires driving shall report any traffic ticket or arrest for violation to the operator's Hiring Authority and HR pursuant to Section 5.26.
6. Operators who are allowed to use their personal vehicle for County business must maintain the Colorado minimum coverage for automobile insurance, provide proof of that insurance annually, sign an affidavit stating they agree to maintain that insurance, and ensure that their personal vehicle meets all legal requirements for safety and maintenance at the request of the Hiring Authority or HR.
7. Operators shall not, under any circumstances, operate any vehicle on County business while physically or mentally impaired, including chemically impaired. This prohibition includes, but is not limited to, circumstances in which the operator is temporarily unable to operate a vehicle safely due to illness, medication, alcohol or other mood-altering substance.
8. Operators shall report any loss, suspension, or revocation of his or her driver's license and if using a personal vehicle for County business, loss of his or her automobile insurance, to their Hiring Authority and HR within two (2) business days of the loss.
9. If an operator loses his or her license for non-serious driving offense and cannot obtain a temporary driving permit that would satisfy the requirements of the operator's duties, the operator may be subject to one or more of the following actions:
 - a. Transfer or demotion to a vacant, non-driving position for which the operator is qualified. El Paso County is not obligated to create a position to satisfy this option. Once the operator's driving privileges are reinstated, the Hiring Authority may reinstate the operator to their former position. An operator shall not hold this temporary position for a period greater than twelve (12) months.

- b. Assignment to non-driving position, if available, within the operator's department, and as determined necessary by the Hiring Authority.
 - c. Transfer to another department with assignment to non-driving responsibilities, if available and determined necessary by the Hiring Authority.
 - d. Corresponding reduction in pay may be made to address the compensation for performing the modified essential job functions not exceeding ten percent (10%) of the operator's gross salary. Suspension (with or without pay) until the operator obtains the required license. Such license must be obtained within ten (10) business days from the date the operator was determined ineligible for driving privileges. Suspension is at the discretion of the Hiring Authority.
 - e. Lay-off or termination, if none of the above alternatives can be achieved within ten (10) working days from the date when the employee was determined ineligible for driving privileges. Operators terminated under this provision may be eligible for re-hire for any driving or non-driving position after six (6) months and upon proof of an acceptable licensure and driving record.
10. Should an operator who receives a car allowance or mileage reimbursement become ineligible for driving privileges, that operator shall have their car allowance revoked and shall not be permitted to drive while conducting County business, until such time as the operator meets the minimum driving record criteria and is eligible for and secures reinstatement of driving privileges.
 11. If an operator commits any additional driving offense within twelve (12) months of an offense resulting in a job action under subparagraph (8) above, the operator shall receive additional corrective action, which may include termination. The twelve (12) month period is calculated from the date of the initial offense.
 12. Any operator who is found to be a habitual violator of traffic laws shall not be permitted to drive on County business.
 13. Operators using their personal vehicle for County business shall receive a mileage allowance in an amount approved by the Board of County Commissioners for the use of the operator's vehicle. The allowance is to compensate the operator for the costs of gasoline, oil, depreciation, and insurance. Only exempt employees are eligible for this allowance.

- a. The County Administrator and/or the Non-Board Elected Official shall make the determination of who is eligible for the Flat Monthly Vehicle Allowance in consultation with the Budget Officer and the Finance Division Manager.
- b. The Department/Office will submit the approval from the County Administrator or the Non-Board Elected Official and a copy of appropriate insurance coverage (currently 100/300/50) to HR and Administration and Financial Services, Finance Division, and Payroll Team. The Finance Division will initiate the vehicle allowance in the payroll system and will submit to HR any additional participants or exclusions or deletions as they occur and any new participant's insurance information.
- c. Annually, any individual authorized to receive a monthly cash allowance, shall be requested to re-submit to HR a certificate of auto insurance with the limits as established (currently 100/300/50).
- d. HR periodically checks the driving records of participants to determine whether participants remain eligible for participation.
- e. Participants in this program shall not submit mileage reimbursements while on the program.
- f. Participants in this program may be allowed to utilize County vehicles, when available, to make County business trips in excess of 150 miles round trip (Denver is considered more than 150 miles round trip), either by using a "pool" vehicle, or by using a vehicle regularly assigned to his/her department/office. Such use of a County vehicle by a program participant shall be reported to the Finance Division Manager on the attached form within fifteen (15) working days of returning from the trip, but there is no entitlement to receive partial reimbursement for these trips. Similarly, a participant may be approved to use a County vehicle for out of state trips, but will also not receive personal reimbursement for doing so. Risk Management must be notified in advance of any out-of-state trip in a County vehicle so that insurance arrangements can be completed prior to the trip.
- g. The Finance Division Manager and the County Budget Officer annually and jointly shall establish the amount of monthly car allowance available to participants. The funds for this program will be dispersed from the individual department/office budgets.
- h. The Flat Monthly Vehicle Allowance will be reported by the County on an employee's W-2 income form as personal income

and taxed at the applicable IRS rate as it is paid throughout the fiscal year.

14. Operators shall report any accident, theft, or damage involving any vehicle used on County business to their Hiring Authority and HR, regardless of the extent of damage or lack of injuries. Such reports shall be made as soon as possible, but no later than two (2) business days after the incident. Operators are expected to cooperate fully with investigating authorities in the event of an accident. However, operators should not make any statements admitting the operator was responsible for, or at fault in causing, the accident.

C. License and Driving Record Audits

1. Prospective and current operators must have an acceptable driving record.
2. Any prospective or current operator may be disqualified by HR from use of vehicles for County business if their driving record includes a conviction of a serious offense.
3. Serious offenses may disqualify job applicants from further consideration by El Paso County for certain positions, as determined by HR.
4. A currently suspended or revoked license immediately disqualifies any operator or job applicant from use of vehicles.
5. A previously suspended or revoked license may disqualify an operator or job applicant from use of vehicles, at the discretion of HR and the Hiring Authority.
6. Operators are responsible for maintaining all required licenses and certifications, including Commercial Driver's Licenses (CDL). HR may elect to provide employees with notification of the expiration of required licenses or certifications for those departments that have positions in which driving is part of the operator's job responsibilities. However, such notice is a courtesy to employees, and does not in any way relieve the operator from liability for failure to maintain any required license or certification. Failure to maintain licenses or certifications may be grounds for corrective action, up to and including termination.
7. Possession of a valid Colorado driver's license is a condition of continued employment with El Paso County for persons whose position requires such a license. Any operator who drives on County business without possessing a valid Colorado driver's license shall be terminated.
8. Any operator whose job description requires a specific type of license shall immediately inform their Hiring Authority (but in any event, within

two (2) business days) of any change in type or form of license. The operator shall produce any copies of documents received from any licensing or law enforcement agency regarding such license, including any temporary or probationary license or permit. Any operator failing to comply with this subparagraph, or who misrepresents the status of their driver's license, is subject to corrective action, up to and including termination.

9. Review of the MVR shall entail review of the Colorado Motor Vehicle Driving Record; all violations listed thereon; and a review of all vehicle accidents involving County vehicles, and accidents while driving on County business occurring during the review period.

D. Reinstatement of Driving Privileges

1. Operators who have been ruled ineligible for driving privileges due to a review of their past driving record and/or accident experience may have their privileges reinstated under the following options, at the discretion of the Hiring Authority and HR:
 - a. The operator successfully completes a Defensive Driver Training Program approved by HR, and submits evidence of satisfactory completion of the program to HR. The operator may be required to participate in an approved Defensive Driver Training Program on their own time and not during the regularly scheduled work hours. Completion of this course excuses the most recent single offense or accident.
 - b. The Defensive Driving option may not be used to excuse a serious offense. Operators with a serious offense are not eligible for driving privileges until their driving record meets the criteria under this policy.
 - c. An operator who has been ruled ineligible for driving privileges may use the defensive driving course option only once every three (3) years.
2. Operators who are ineligible for driving privileges and who do not or cannot exercise the Defensive Driver Training Program option shall remain ineligible for driving privileges until their driving record meets the driving standards under this policy.

5.13 County Identification Cards

At the discretion of the Elected or appointed Official, Department Head and/or hiring authority, employees who have contact with the public in locations that are not in County buildings may be issued a County Identification Card by the Facilities and Strategic

Infrastructure Management Department. An Elected or Appointed Official, Department Head and/or Hiring Authority (or his/her designee) must authorize the issuance of an identification card to the employee.

Employees who lose their identification card will promptly report the loss to the Facilities and Strategic Infrastructure Management Department who will issue a replacement card upon authorization of the Elected or Appointed Official, Department Director and/or Hiring Authority (or his/her designee).

5.14 Official Travel

All travel by County officials and employees will be for the benefit of the County and will be performed at the most economical and reasonable cost and with employee safety in mind. The County official or employee will be reimbursed for authorized expenditures (including, but not limited to, meals, lodging, toll fees, and gas and rental cars) as a business expense, if any of the following three conditions are satisfied, as may be determined by the Hiring Authority:

1. The expense is an ordinary, reasonable and necessary traveling expense.
2. The expense is incurred while away from the employee's principal area of assignment or requires overnight lodging.
3. The expense is incurred while the employee is attending a seminar, conference or other meeting to benefit the County.

Additional information about the County's official travel policy may be obtained from the Administration and Financial Services Department - Finance Division.

5.15 Safety Program

Employees are required to comply with all written and verbal safety rules of their department. Each Elected or Appointed Official, Department Head and/or hiring authority will familiarize the employees under their direction with all County and divisional/departmental safety rules, and will require compliance with same. Employees shall utilize safety equipment provided by the County. Violation of any safety rule may result in disciplinary action up to and including termination of employment.

Reporting Accidents and Injuries:

1. Work-related injuries: Any employee who suffers an injury during working hours shall report the injury immediately to his or her supervisor, who will report the injury to HR no later than the next business day.

2. Motor vehicle accidents: All motor vehicle accidents shall be reported immediately to the employee's supervisor, who will report the accident to HR as soon as possible.

Employees shall review and be familiar with the County's Safety Manual.

5.16 Parking

Parking spaces in County parking lots in the downtown complex have been allocated to employees and departments and are unavailable for public use. The Parking and Security Division maintains a list of employees desiring a parking spot.

Employees are prohibited from parking in a space that is assigned to another employee or department without permission. Employees who do not have assigned spaces should use non-metered street parking, car-pool or rent space in the parking structure. It is unlawful to park in a metered space for a period longer than the designated time (i.e., plugging a one-hour meter and parking in the space for longer than one hour).

Parking policies around County buildings not located within the downtown complex will be established by the Facilities and Strategic Infrastructure Management Department.

5.17 Bulletin Boards

Bulletin boards located throughout County facilities are for communicating information to County employees.

"Employee Classified Ads" - the bulletin board located on the "Depot" website is for the general use of all County Employees. Employees must agree to the guidelines prior to posting items on the bulletin board.

Elected Officials or Hiring Authorities (or their designees) may establish policies governing bulletin boards in their areas.

5.18 County Awards

The County recognizes outstanding service provided by employees and private citizens. At the discretion of the Elected Officials or Hiring Authorities outstanding service may be acknowledged by:

- A. Certificate of Appreciation: HR has a supply of County certificates that may be used to officially recognize outstanding service to the County. They may be presented by the Board of County Commissioners, Elected Officials or Hiring Authorities to employees or citizens who have provided exemplary service.
- B. Retirement Resolution: A framed resolution signed by the members of the Board will be presented to each retiring employee. Presentation will

normally be made at the regular meeting of the Board that immediately precedes the employee's retirement.

5.19 Solicitation

Commercial or non-commercial solicitors, vendors and salespersons not conducting County business may not solicit County employees at the workplace during work hours, with the exception of charitable organizations that have Board approval. Solicitation of funds by private vendors through attempts to sell products or services by, of, or to County employees on the job through County facilities, equipment or on premises is also prohibited. Bulletin boards and County facilities may not be used for solicitation, except by County employees for non-commercial individual purposes. Employee mailing lists will not be furnished for the purpose of commercial solicitation and payroll deductions will not be authorized for payment of a product or service except to pay the employee's share of benefits approved by the County. Commercial agents, vendors and salespersons who want to offer a service or product to the County or any of its departments will do so in accordance with the policies detailed in the County Procurement and Contracts Manual.

5.20 Prohibition Against Tax Lien Sale Participation

Current Elected Officials, employees, members of their immediate family, or the agent of any such current County official or employee may not acquire land by the El Paso County Treasurer's tax lien sale. Exemptions from provisions in this section are listed in C.R.S. § 39-1 1-151. Violations of this policy are considered criminal and may include punishment as set forth in C.R.S. § 18-1.3-501.

5.21 Political Activity

No employee shall, as a condition of employment, continued employment, or to receive any of the rights, privileges or benefits of County employment, be required to engage in political activity. This includes requiring an applicant or employee to divulge their political beliefs or to make contributions to political parties or groups. This policy does not affect any duty of loyalty owed under the law by the employee to the employer, or otherwise affect the legal status of an "at-will" employee.

Employees shall not conduct political activity while on duty nor shall they use public money or resources to support an election campaign, or to urge voters to vote in favor of or against any state or local ballot issue, referred measure or recall election in accordance with Colorado law. Questions about the applicability of the Colorado Fair Campaign Practices Act should be directed to the County Attorney

The Colorado Fair Campaign Practice Act has special provisions for Elected Officials. Elected Officials having questions about the applicability of the Colorado Fair Campaign Practices Act should be directed to the County Attorney

5.22 Secondary (Outside) Employment

Both part-time and full-time positions held by an employee of the County shall take precedence over any other occupational interest of the employee. No employee of the County or volunteer shall engage in any occupation which is incompatible with their employment with the County or presents a conflict of interest. A volunteer must disclose if their regular employment is incompatible with their volunteer duties with the County or presents a conflict of interest.

Any employee desiring to engage in secondary employment shall request and receive approval from the Hiring Authority or designee prior to accepting or engaging in such employment. No person may occupy more than one (1) regular position (full-time or part-time) with the County. Regular employees may occupy temporary/seasonal (extra help) positions, if the duties of the temporary position are significantly different from those of the regular position. If a conflict of interest or incompatibility exists, the request to engage in secondary employment will be denied. If a request is approved, such approval may be withdrawn at any time when such employment results in a conflict of interest or incompatibility with County employment. Employees who engage in secondary employment will be expected to maintain efficiency and performance standards.

5.23 Tele-Working

Tele-working or telecommuting is not a universal employee benefit. At the discretion of the Elected or Appointed Official, Department Head and/or Hiring Authority, considering the operation needs of the department, tele-working is a voluntary work arrangement in which an eligible employee works from a remote location instead of commuting to the work place. Tele-working is an alternative method of meeting the needs of the organization. Tele-working employees use networking technology to access El Paso County (EPC) government information systems from their remote location.

Eligibility: Employees must be working in a job suited for tele-working. In general, jobs that require a physical presence in the workplace or more than a minimal amount of face-to-face interaction are not appropriate for tele-working. A tele-worker's most recent performance evaluation must be "satisfactory."

When an employee and or his/her supervisor/manager requests a tele-working arrangement, a Tele-Working Proposal and Tele-Working Agreement must be submitted to the Elected or Appointed Official, Department Head and/or Hiring Authority.

When a request is approved by the Elected or Appointed Official, Department Head and/or Hiring Authority, the Tele-Working Proposal and Tele-Working Agreement will be submitted to HR. The HR Department will verify the employee's eligibility. The IT Division will assess the technical requirements. The Risk Management Division will address safety and risk management issues. Each will report back to the Elected or Appointed Official, Department Head and/or Hiring Authority and make recommendations.

Initial evaluation period employees are not eligible for Tele-working.

If you would like more information about Tele-working procedures, contact HR.

5.24 Work Assignment

An employee may be reassigned at any time to a position in the same class within the same department at the discretion of the Elected or Appointed Official, Department Head and/or Hiring Authority.

5.25 Tobacco-Free Campus Policy

The El Paso County Tobacco-Free Campus Policy prohibits smoking and the use of all tobacco products, including smoke free tobacco and the use of Electronic Nicotine Delivery Systems (ENDS) regardless of substance, in all designated Tobacco-Free campuses. The County's Centennial Hall and Citizens' Service Center campuses were designated Tobacco-Free Campuses by Resolution (16-256) of the Board of County Commissioners effective January 1, 2017.

These Tobacco-Free campuses include the parking garages, designated parking areas and open areas or spaces which are associated with designated tobacco-free campuses. All persons entering a Tobacco-Free Campus are subject to this policy.

Employees are asked to be good neighbors and refrain from the use of substances detailed in this policy on any property which adjoins or is adjacent to the designated Tobacco-Free Campuses during working hours. This adjoining or adjacent property includes, courtyards and parking areas.

Resources are available to support County employees in this initiative. Please contact the Employee Benefits Division for further information on these resources.

5.26 Employee Mandatory Disclosures

All employees shall provide timely and accurate notice to their immediate supervisors relating to encounters with any law enforcement agency that resulted in the employee being arrested or receiving a summons for any traffic offense more than 4 points, arrested or receiving a summons for any criminal offense and/or convicted of any traffic offense more than 4 points, and/or convicted of any crime. This notice shall be provided to their immediate supervisor within 3 (three) days of the triggering event occurring. The supervisor must notify HR the same day they receive the notice from the employee.

5.27 Whistleblowing Policy

If an employee has knowledge of or a concern of work related illegal or dishonest/fraudulent activity, the employee is to contact his/her immediate supervisor or the HR Director. All reports or concerns of illegal and dishonest activities will be promptly submitted by the receiving supervisor to the HR Director, who is responsible for investigating and coordinating any necessary corrective action. Any concerns involving the HR Director should be reported to the County Administrator or County

Attorney. The whistleblower is not responsible for investigating the alleged illegal or dishonest activity, or for determining fault or corrective measures; appropriate management officials are charged with these responsibilities. Whistleblowers are protected by El Paso County's anti-retaliation policy in 5.05.

For more information on employee benefits, please refer to Employee Benefits Guidebook or contact Benefits Division.

NOTE: THE COUNTY'S BENEFITS AND SERVICES ARE ONLY SUMMARIZED IN THIS CHAPTER. NOTHING CONTAINED HEREIN IS INTENDED TO BE A GUARANTEE OF A BENEFIT TO BE RECEIVED AS A RESULT OF EMPLOYMENT WITH THE COUNTY. THE COUNTY RESERVES THE RIGHT TO MODIFY, AMEND OR DISCONTINUE ANY OF THE BENEFITS DESCRIBED HEREIN.

6.02 Health Insurance (Medical, Dental and Vision)

El Paso County provides group health insurance medical, dental and vision plan benefits to all full-time employees and their eligible dependents that elect to participate. For more information about these Plans, please refer to the Employee Benefit Guidebook and Summary Plan Description or contact the Benefits Division. In the event the information

There will be an annual open enrollment period, during which eligible employees will be offered the choice of enrollment for themselves and their dependents in the County's health insurance plans.

Premiums, if applicable, will be deducted from each participating employee twice monthly.

6.09 Americans with Disabilities Act (ADA)

An employee who has a disability, physical or mental limitations that substantially limit the employee's ability to perform the essential job functions should report those circumstances to the Benefits Division. The Benefits Division encourages all employees to engage in an interactive dialogue process to arrive at accommodations for an individual who has a disability or the above-described limitations. The Benefits Division will expect the employee's cooperation in enlisting the support of treating healthcare professionals or other technical assistance. The County recognizes its obligations to its employees with disabilities to arrive at reasonable accommodations to allow them to perform the essential functions of their job without causing an undue hardship or direct threat to El Paso County.

6.10 Religious Accommodations

Federal law requires employers to reasonably accommodate the sincerely held religious beliefs and practices of employees, so long as an accommodation would not cause undue hardship or direct threat to the business. It is the employee's responsibility to notify EPC if the employee faces a conflict between their religious beliefs or practices and their work and that the employee may require an accommodation. Although El Paso County is not

obligated to adopt an employee's preferred method of accommodation, it will work with the employee to identify potential accommodations that may resolve the conflict without causing undue hardship or direct threat to the El Paso County. Employees and the Hiring Authority must promptly notify HR of such accommodation requests.

6:11 Employee Death from Work Related Event

Dependents of an employee who dies in a work-related event may qualify for the continuation of all County benefits for up to 12 months from the end of the month in which the work-related death occurred, so long as the dependents had such benefits pursuant to the County Plan at the time of the employee's work-related death, as well as additional benefits. Information regarding availability and eligibility is available from the Benefits Division.

CHAPTER VII

7.01 General Policy and Applicability

The disciplinary policy contained in this manual will apply to all County employees, as that term is defined, unless specifically excepted or modified herein, or by Resolution of the Board of County Commissioners. All employees are entitled to due process afforded by law. However, the specific procedures outlined in 7.04, 7.05 and 7.06 do not apply to Executive Directors; Senior Assistant County Attorneys; or Assistant County Attorneys.

The intent of this chapter is to define disciplinary offenses and procedures and employee grievance procedures. Provisions of all other chapters may also subject the employee to discipline.

7.02 Disciplinary Offenses

The following list of offenses for which an employee may be disciplined or terminated contains examples only and is not all-inclusive. The County reserves the right to discipline and/or terminate an employee for conduct not contained in this list:

- A) Failure to perform the duties of the position because of inadequate knowledge, skills or ability. This includes a department's or office's internal policies, procedures and rules;

Pending the investigation of possible disciplinary offenses or based on reasonable concerns about the employee's fitness for duty, the Elected or Appointed Official, Department Head and/or Hiring Authority may place an employee on administrative leave with pay.

If an employee who was placed on administrative leave with pay, continues or causes a continuance of an Appeal Hearing as referenced in 7.06, or refuses to cooperate in a fitness for duty evaluation, the leave may be changed to leave without pay at the

discretion of the County Administrator in consultation with HR and the County Attorney's Office.

7.04 Disciplinary Actions

All disciplinary matters are confidential and must be treated by all employees, to include witness employees, as confidential.

Employees shall cooperate in any disciplinary investigation or action.

The Elected or Appointed Official, Department Head and/or Hiring Authority reserves the exclusive right to determine the level of discipline appropriate for each employee's conduct. There is no requirement that disciplinary action be given in any specific or progressive sequence. Prior to invoking disciplinary action supervisors may meet privately with employees who are experiencing performance or conduct problems when they first occur. A "counseling" session with the employee will not necessitate written disciplinary action or the placement of such within a personnel file; however, documentation of the meeting(s) may be made and maintained and referenced if the problems continue.

Disciplinary actions may range from an informal discussion with the employee about the matter to immediate discharge. Action taken by the Elected or Appointed Official, Department Head and/or Hiring Authority in an individual case does not establish a precedent in other circumstances.

Examples of types of disciplinary action may include the following but not necessarily in this order:

A) Verbal Reprimand: A verbal reprimand is a documented warning given by the supervisor. The employee receiving the reprimand may submit comments within one (1) working day following receipt. The employee is required to sign a document stating that a reprimand occurred. The employee's signature is not to be construed as an admission. A verbal reprimand is not subject to appeal rights.

B) Written Reprimand: A written warning may be given to an employee for failing to respond to prior discipline, for conduct of a serious nature, or whenever appropriate as determined by the Elected or Appointed Official, Department Head and/or Hiring Authority. The employee receiving the reprimand may submit comments within one (1) working day following receipt. The employee is required to sign a document stating that a reprimand occurred. The employee's signature is not to be construed as an admission. A copy of the written reprimand/warning will be placed in the employee's personnel file, and will not be subject to removal. A written reprimand is not subject to appeal rights.

C) Suspension: Suspension without pay must be approved by the Elected or Appointed Official, Department Head and/or Hiring Authority in consultation with HR or the County Attorney and is used when stronger disciplinary action is deemed

An employee may only appeal a suspension if the suspension is greater than two (2) working days.

D) Disciplinary Demotion: A disciplinary demotion must be approved by the Elected or Appointed Official, Department Head and/or Hiring Authority in consultation with HR or the County Attorney. If the employee cannot be served with the written notice, verbal or other notice will be sufficient.

After the employee receives written notice or otherwise receives notice, a pre-disciplinary meeting will be set. The employee will be provided notice of the pre-disciplinary meeting date. The employee(s) shall be informed that they have the greater of one (1) full working day or twenty-four (24) hours to provide an explanation of their conduct and performance issue(s) leading to concern and to respond stating whatever reasons that they feel that they should not receive discipline at the pre-disciplinary meeting. No continuances will be granted of the pre-disciplinary meeting.

The pre-disciplinary meeting is the employee's opportunity to be heard. An attorney can accompany the employee at this meeting, but the attorney cannot advocate on behalf of the employee. An employee may respond in writing to the written notice in lieu of

appearing at the pre-disciplinary meeting. The employee may decline to provide an explanation of their conduct and performance(s) issues.

An employee may be placed on administrative leave pursuant to 7.03 pending the pre-disciplinary meeting.

7.06 Appeals of Discipline

Written notice of an intent to demote or terminate, or an intent to suspend an employee for more than two (2) working days will be given to the employee and will state the reason(s) for such discipline and the employee's right to appeal such discipline. The written notice does not require complete discovery as contemplated by the civil discovery rules.

The written request shall provide the name of the employee, address and phone number and shall state the reason(s) for appealing the termination. If no written request is submitted to HR within two (2) working days of the date the notice of intent to demote or terminate is received by the employee, such discipline shall be final.
- 3) If the employee appeals, the HR will schedule an appeal hearing. The appeal hearing will be scheduled as soon as a hearing officer is practicably available following receipt of the notice of appeal by HR.
- 4) The parties will have the opportunity to present argument and evidence and to examine and cross-examine witnesses in support of their respective positions. An employee may be represented by an attorney at the hearing but no scheduling or rescheduling of a hearing will be based on an employee's inability to retain counsel prior to the hearing or the unavailability of an employee's attorney at the scheduled time. If a continuance is requested by the employee in order to obtain an attorney or to accommodate an attorney's schedule, the continuance shall not exceed seven (7) calendar days.
- 5) HR will record the appeal hearing. No additional recordings are permitted.

- 10) The effective date of demotion will not be modified or tolled pending determination of the appeal.
- 11) If the employee does not appear for the hearing, the suspension, demotion or termination will be final on the date of the hearing.
- 12) The Hearing Officer will determine whether some competent evidence supports the reason for the employee's demotion or termination. The County will bear the burden of producing some competent evidence supporting the reason for such discipline. The employee will bear the burden to prove that the decision to discipline is not supported by some competent evidence or that the decision is arbitrary and capricious. If the Hearing Officer sustains the disciplinary action, the disciplinary action shall be deemed final on the date the Hearing Officer issues their decision.
- 13) A County employee may request in writing that an Elected or Appointed Official, Department Head and/or Hiring Authority remove an employee's prior disciplinary action from the employee's personnel file five (5) years after the imposition and completion of the disciplinary action and any applicable probation, if the employee has not had any additional disciplinary action within that five (5) year period.
