## 2022 ACCOMPLISHMENTS

### Housing in El Paso County, Colorado

Through the El Paso County CDBG Program, Brothers Redevelopment was able to successfully complete the rehabilitation of Gloria Loggins' home in August, 2022.

#### Difficulties At Home

Gloria has a very difficult time walking and struggled to go up and down the stairs in her home and garage. She soaks her legs daily for medical reasons, but was using construction buckets, because she couldn't get into her tub.

#### Assistance Provided

Along with minor fixes, Brothers Redevelopment installed a stairlift for the indoor stairs, a ramp in Gloria's garage, and a sliding bath chair in the bathroom.

#### A Life Changed

Through the El Paso County Community Development Block Grant Program and our partnership with Brothers Redevelopment, Gloria Loggins can now use the entirety of her home without pain and discomfort.
